CALCUTTA, THE 2ND JANUARY 1932.

RESOLUTION—No. 7Mis.

Read—

(*i*) Paragraph 9 of the letter of the Government of India in the Home Department No. 5234, dated the 16th September 1901, prescribing the limit of local holidays.

(*ii*) The circular order by the Local Government in this department No. 45Mis., dated the 23rd August 1913, announcing the local holidays for the several districts of this presidency;

Read also—

The debate in the Legislative Council on the Resolution moved for a holiday on the 1st of *Baishakh* in Government offices and Courts in this province.

When the Resolution for the holiday was moved in the Legislative Council on the 7th February 1930 it was intimated that Government was agreeable to give effect to the Resolution if, after consulting the local officers and the High Court, it should appear that there was a general desire to have the holiday in question. The Resolution was thereupon not pressed in the Council but withdrawn. As explained in the Council, the Bengali New Year's Day is already observed as a local holiday in certain districts, and it has now been ascertained that the remaining districts of the province, except the district of Darjeeling, are also anxious to have the day included in the list of local holidays. The Governor in Council is accordingly pleased to direct that the Bengali New Year's Day shall henceforth be observed as an additional local holiday in those districts in which it is not at present enjoyed, except in the district of Darjeeling, subject to the condition that the total number of such holidays do not exceed seven in number in any of those districts. In the five districts noted below, however, where the maximum number of local holidays has already been reached, Government have now decided that the new local holiday should be allowed in future in lieu of the local holiday specified against each, which has hitherto been enjoyed therein:—

Howrah	..	Sriram Navami.
Burdwan	..	Uttarayan.

CALCUTTA, THE 2ND JANUARY 1932.

RESOLUTION—No. 48Emi.

Read—

The Reports on Inland Emigration under the Assam Labour and Emigration Act, 1901 (VI of 1901), for the year ending the 30th June 1931, submitted by the Superintendent of Emigration, Calcutta, and the District and Assistant Superintendents of Emigration.

There was a further falling off in the number of emigrants despatched to the labour districts during the year under review.

2. Recruiting operations in Bengal were conducted only in the districts of Birbhum and Midnapore. The number of garden sardars employed during the year was 100 (including 20 sardarnis) as against 263 in the previous year. All worked under the control of licensed local agents. The number of local agents' licenses was 12 as against 15 issued in the previous year. The total number of emigrants recruited in Bengal was 132 as against 183 in the previous year. Of these 72 came from Birbhum. The total number of recruits from Bengal and other provinces embarking at Goalundo was 7,706 (including those recruited in the Bombay Presidency outside the Act) as compared with 10,804 in the preceding year.

3. The rest houses for emigrants at Asansol, Kharagpur, Naihati and Goalundo maintained by the Tea Districts Labour Association was frequently inspected, and their condition was found to be, in all respects, satisfactory.

4. Of the 60,745 emigrants who halted at Naihati, 1,493 went to the Dooars in Jalpaiguri district, and the rest with the exceptions mentioned below, went to Assam *via* Amingaon or Goalundo. One emigrant died of pneumonia at Naihati but no other death occurred among the emigrants in transit. Out of the total number of emigrants who arrived from the different recruiting districts in and outside the Presidency of Bengal eleven deserted, viz., two from Kharagpur, eight from Naihati and one from Goalundo, one was discharged at Kharagpur being unwilling to go further. There were ten desertions but no deaths among the emigrants during their journey from Goalundo to their final destinations.

5. In connection with the transport of labour to Assam both the receipts and expenditure during the year under review decreased as compared with the previous year, viz., receipts from Rs. 809-15 to Rs. 650 and expenditure from Rs. 9,085-6 to Rs. 8,886-8.

6. Lt.-Col. A. Denham-White, I.M.S., held the office of Superintendent of Emigration, Calcutta, throughout the year. The thanks of the Governor in Council are due to him and to the local officers for their assistance in the administration of the Act.

Part IV.

Section I.—Traffic Signals to be used by the Police and drivers of vehicles.

(See Part I, rules 8, 18, and 24.)

(a) Police constables.

1. The following signals are recommended for use by all police constables engaged in the regulation of traffic. They are intended to cover the ordinary situations which arise in traffic control, but it is recognised that other signals may be required for abnormal situations or owing to the peculiar lay-out of particular road junctions. Any such additional signals should be clearly visible to the drivers for whom they are intended, and unmistakable in meaning; they should not conflict with the general principles set out in the Notes for Drivers below, and should as far as possible be modelled on the corresponding signals given below.

2. Constables on traffic duty should also note that it is as much their business to indicate "road clear" as it is to prevent accidents by stopping an on-coming vehicle when that is necessary. When therefore the driver of an approaching vehicle has signalled the direction in which he wishes to go, the constable should always respond with the appropriate signal, whether "Proceed" or "Stop."

(b) Drivers of Vehicles.

1. Drivers once they have been stopped by a constable should not move on until he signals to them to do so.

2. Signals Nos. 1 to 4 are specially illustrated to show how, in a simple instance, they appear to the drivers for whom they are intended. It makes no difference if, as will often happen, the constable's other arm is engaged in making another signal.

3. Drivers should be specially careful to distinguish the "Proceed" signals intended for them from those intended for other traffic. This will be shown primarily by the constable looking in their direction. In particular, they should note that no "Proceed" signal applies to a driver towards whom the constable's back is turned.

POLICE CONSTABLES.

"Stop" Signals.

No. 1. To STOP a vehicle approaching from his front or from either side, the constable should face squarely towards it and extend his right arm and hand at full length above the right shoulder, with the palm of the hand towards the vehicle.

The signal should be continued until all the vehicles which are to be stopped have been brought to a standstill or until the available roadway is blocked with stationary vehicles. The constable should then continue to face squarely in their direction, but the hand may be lowered, or used for other signals.

Drivers of vehicles which have been stopped should not proceed until so directed by a "Proceed" Signal.

"Stop" Signal No. 1
as viewed by the driver for whom it is intended.

No. 2. To STOP a vehicle approaching from behind, the constable should extend his left arm horizontally from the shoulder, and hold it rigid with the back of the hand towards the vehicle.

The constable should see that the signal is observed and obeyed (if necessary he should first face the vehicle and use Signal No. 1) before completely turning his back on the vehicle. Otherwise a serious accident may result.

The constable's arm should be kept extended so long as his back is turned to the vehicle or vehicles which have been stopped, unless it is required to signal to other traffic.

Drivers of the vehicles which have been stopped should not proceed until so directed by a "Proceed" Signal.

No. 3. To halt vehicles approaching simultaneously **from front and behind,** extend both arms as described in (1) and (2) above.

"Proceed" Signals.

No. 4. To bring on a vehicle which has been halted by Signal No. 1, beckon on the driver with the hand nearest to the vehicle. If necessary, turn slightly towards the driver to show clearly that the signal is intended for him. The "Proceed" signals are intended not only to bring on vehicles which have been stopped but also to indicate to approaching vehicles that their way is clear.

SECTION II.—"FILTRATION" TO THE LEFT.

At road junctions, when one stream of traffic has been halted, constables on point duty should, so far as may be safe and practicable, permit drivers who wish to do so to turn to the left and so filter into the cross stream of moving traffic.

Drivers of vehicles who are permitted to filter to the left in this way should proceed slowly and with extreme caution, so as to avoid danger to pedestrians or vehicles passing across their front.

If the driver of a vehicle who wishes to proceed straight ahead has to stop at a road junction, he should, where the road is wide enough, leave space on his left, so as to allow other vehicles to pass and turn to the left.

SECTION III.—SIGNALS TO BE USED BY DRIVERS.

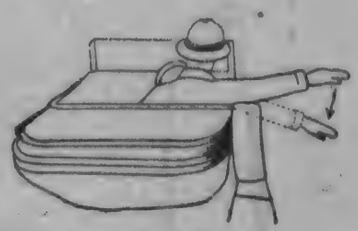
(See Part I, rules 8, 18, and 24.)

All drivers of vehicles, and cyclists, are strongly recommended to familiarise themselves with, and to use, the following signals:—

(a) Signals to Drivers of other Vehicles.

No. 1. "I am going to SLOW DOWN, or STOP, or TURN to my LEFT."

Extend the right arm with the palm of the hand turned downwards, and move the arm slowly up and down, keeping the wrist loose.

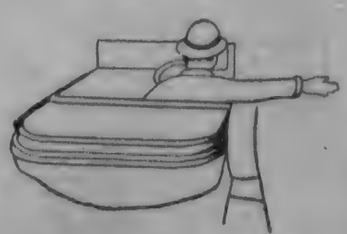


No. 1.

No. 2. "I am going to TURN to my RIGHT."

(This signal may be used in any circumstances when it may be necessary to convey the warning "It is DANGEROUS to OVERTAKE me on my RIGHT").

Extend the right arm and hand, with the palm turned to the front, and hold them rigid in a horizontal position straight out from the off side of the vehicle.



No. 2.

No. 3. "You may OVERTAKE me on my RIGHT."

(In the interests of public safety, this signal should only be given when the road ahead is clear, and never when approaching cross roads or a bend in the road. The fact that it has been given must not, however, be regarded by the following driver as absolving him from the responsibility of satisfying himself that he can overtake with safety).

Extend the right arm and hand below the level of the shoulder, and move them backwards and forwards.

No. 3.

The drivers of horse-drawn vehicles should preferably use the three foregoing signals, giving them where possible by hand alone, and in any case keeping the whip (if any) clear of other traffic.

Alternatively, the following signals may be used:—

No. 4. "I am going to STOP."

Raise the whip vertically with the arm extended above the right shoulder.

No. 4.

No. 5. "I am going to TURN."

Rotate the whip above the head; then incline the whip to the right or left to show the direction in which the turn is to be made.

No. 5.

(b) Signals by Drivers to Police Constables.

When approaching a police constable engaged in the regulation of traffic, drivers of all vehicles should whenever possible indicate to him by means of one of the following signals the direction in which they wish to proceed. The signals are shown in the diagrams as being given with the right hand, but Signals Nos. 6 and 7 may be given with the left hand if more convenient.

The use of mechanical devices for giving these signals is not recommended, as hand signals are more easily seen by the constable.

No. 6. "I want to GO STRAIGHT AHEAD."

No. 6.

Raise the hand towards the shoulder and move the forearm well forwards and then back in a vertical plane, making the movement sufficiently pronounced to be easily seen by the constable.

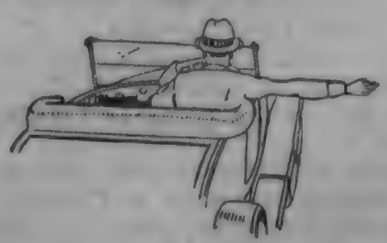
No. 7. "I want to TURN to my LEFT."

Point the hand to the left, making the movement sufficiently pronounced to be easily seen by the constable.

No. 7.

No. 8. "I want to TURN to my RIGHT."

Use Signal No. 2 on page 49.



No. 8.
(Same as No. 2.)

(If the vehicle is so constructed as to make it impossible for the driver to give this signal clearly, he may substitute a signal similar to No. 7 above, but pointing to the right.)

King's Police Medal.

NOTIFICATION.

(Police.)

New Delhi, the 1st January 1932.

No. F.-25/XI/31-Police.—His Majesty the King, Emperor of India, has been pleased to confer the King's Police Medal, and in one case a bar to the Medal previously awarded, on the following officers and men of the Indian Police establishments :—

* * * *

Bengal.

*20. Abbas Ali Mean, Sub-Inspector of Police.—At midnight on the 23rd February 1931, a dacoity was being committed at village Kantabag, p. s. Kotwali, in the district of Dinajpur, when Sub-Inspector Abbas Ali Mean rushed at the dacoits, arrested one, made him over to the constables and then ran after and seized another. The latter was armed with a kukri with which he slashed at the Sub-Inspector who although bleeding profusely retained his hold till his strength gave way. He was badly injured on the head and right arm and confined to hospital for a long time. His pluck and fearlessness averted the dacoity and led to the conviction of the gang, the arrested accused having made a confession.

21. Charles Edward Stuart Fairweather, Superintendent of Police.—Mr. Fairweather joined as Superintendent of Police, Bakarganj, in July 1930 when the civil disobedience movement was at its height and when desperate efforts were being made by the revolutionary party for the perpetration of violent outrages. In addition he was faced with the possibility of communal disturbances and economic outbreaks.

With unrivalled eagerness and an exemplary devotion to duty he soon mastered the details of the situation and reorganised and redistributed the inadequate forces at his disposal. By his own example of self-sacrifice and unremitting energy he was such an inspiration to the officers and men under his authority that a dangerous emergency was successfully encountered, the civil disobedience movement was completely mastered without a single casualty on the Government side, the plans of the revolutionaries checked and their organisation scattered. The vigour and vigilance associated with his measures had such a reassurring effect upon the general population of the district that the district, at all times a difficult one, passed comparatively unscathed through one of the most dangerous periods of its administrative history. This result was achieved by the unremitting toil of Mr. Fairweather and his splendid example which not only encouraged his own forces and reassured the people but completely disheartened the forces to which he was opposed.

22. Rudra Pada Ray, Assistant Sub-Inspector of Police and 23. Bhrigu Nath Tewari, Constable.—On the 16th April 1931, a dwelling house in Labpur police station, district Birbhum, occupied by several people was on fire. Assistant Sub-Inspector Rudra Pada Ray with a *posse* of policemen hastened to the spot when he was told that there was a woman in the burning building. With the help of Constable Bhrigu Nath Tewari he entered the building and while the beams were falling and the walls collapsing he brought out the woman who was unconscious. She was subsequently revived and brought back to health. Assistant Sub-Inspector Rudra Pada Ray and Constable Bhrigu Nath Tewari displayed splendid courage in saving the life of the woman at the risk of their own.

24. Monoranjan Bhattacharji, Inspector of Police.—This officer has rendered special service in the District Intelligence Branch. His knowledge, industry and steadfast courage have been invaluable in dealing with anarchical crime. It is not possible to describe in detail the very secret work in which he is engaged, but his valuable services in a Special Branch of the Police Department deserve special recognition.

25. Rai Sahib Surendra Nath Mitra, Officiating Deputy Superintendent of Police.—An officer of outstanding ability and merit whose lengthy service in the sphere of detective and secret service work has always earned the praise of the authorities. The part played by him in particular cases stands out as worthy of special mention. His work in the Intelligence Branch from 1910—1917 and again from 1925—1930 has been invaluable and indispensable. He is continually endangering his life in connection with secret service work.

*26. Frederick Brown, Inspector of Police and *27. William Lewis, Sergeant.—In May 1930, during a hartal a riotous mob blocked the Panchanantola Road in Howrah and held up a train on the Howrah-Amta Light Railway which runs along this road. On receipt of information of the trouble, Inspector Brown with Sergeant Lewis and a *posse* of Head Constables and Constables immediately went to the spot where they found a mob of more than 1,000 excited men. The Inspector, however, at once proceeded to remove the obstructions placed on the railway lines and succeeded in clearing it. As soon as the train started, the mob became furious and murderously attacked the Police party with stones and other deadly missiles. The Inspector and the Sergeant failing to restore order were compelled to open fire with their revolvers. This was also ineffective and the Sergeant was hit twice and knocked senseless. On his regaining consciousness the two officers fought their way out of the mob which had by then completely surrounded them and was dispersed by the opportune arrival of reinforcements.

Later in the same month the introduction of the monthly wages system in place of the daily system at the Railway workshops at Lillooah caused discontent among a section of the workmen and led to a serious riot inside the workshops on 29th May 1930.

When the Deputy Chief Mechanical Engineer, with some of his assistants came to pacify the men the excited crowd drove them to a corner of the workshop and threatened them with assault. The officers were in a dangerous situation being cut off from outside help. Inspector Brown who was at Lillooah at the time, pluckily entered the workshop with Sergeant Lewis and a small police force to rescue the Railway officers. When the police party was bringing out the Railway officers, they were attacked by a mob of about 2,000 men and pelted with iron bars and various deadly missiles. Disregarding the Inspector's warning the mob tried to close in on the party. At this stage, the Inspector and the Sergeant opened fire with their revolvers and succeeded in breaking through the mob and escorting the Railway officers safely out of the workshop.

*28. Siddique Dewan, Sub-Inspector of Police.—On the 30th August 1931, Inspector Khan Bahadur Asanullah was shot and murdered by one Haripada Bhattacharji on the polo ground at Chittagong at about 6-30 p.m. Sub-Inspector Siddique Dewan who had been playing in a football match, and who had only just left the side of the Khan Bahadur, on hearing the firing turned round and saw the assassin making across the polo ground. He immediately gave chase and by taking a diagonal course overtook the assassin who after firing one more shot towards his pursuers suddenly stopped, held up his hands and dropped his revolver which contained another loaded round, when Sub-Inspector Siddique Dewan threw himself upon him and arrested him. This officer displayed most conspicuous gallantry and fearless courage and but for his prompt action in, though unarmed, tackling an armed assassin, there is little doubt that the assassin would have escaped.

N.B.—The awards in the case of officers marked with an asterisk are for conspicuous gallantry falling under Regulation 6 (*a*) of the Regulations governing the grant of the King's Police Medal and will consequently carry the allowances sanctioned in the Home Department letter No. F.-25/IV/28-Police, dated the 7th February 1930.

NOTICE.

Amended Rules for the award of the Guruprasanna Ghosh Scholarship.

The scheme governing the award of the Guruprasanna Ghosh Scholarship, as outlined in pages 406-407 of the University Calendar for 1931, has been amended as follows:—

(1) That the following be substituted for the first sentence of paragraph 3:—

"By the 15th of December in the year previous to that in which the scholarship is to be awarded, the Registrar shall invite, by advertisement, applications for the scholarship, which must be submitted to him not later than the 1st of February following."

(2) That the whole of paragraph 7 be deleted and the following be substituted in its place:—

"The applications shall, in the first instance, be considered by a Committee of the Syndicate consisting of the Vice-Chancellor and three other members, who shall make a preliminary selection of not less than four names for the scholarship, before the end of February. An enquiry will then be addressed to the Education Department of the High Commissioner for India, London, in the case of scholarships tenable in the United Kingdom or to the relevant authorities in the case of scholarships tenable in other countries, in order to ascertain whether facilities are available for practical training in the particular subjects in which the candidates so selected desire to specialise, and if so, on what terms. On receipt of necessary information, the Committee shall finally consider the applications of the candidates concerned with special reference to the facilities for practical training available and the terms on which they are offered and shall submit their report to the Syndicate not later than the 1st of August following. If the necessary information regarding facilities for practical training is already available, the Committee may make their final report without previous reference to the High Commissioner or other authorities as stated above. In case, where enquiries are addressed to such authorities, their replies are not received in time, the Committee will proceed to make their report on such materials as are available to them. On receipt of the report, the Syndicate shall award the scholarship to that one among the candidates who is best qualified to promote the object of the Founder."

(3) That the words "and the premium for practical training" be inserted in the second line of paragraph 8 after the word "scholar."

EXAMINATIONS FOR THE INDIAN CIVIL SERVICE.

Regulations for admission to the Indian Civil Service.

*** *The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

1. An Examination for admission to the Indian Civil Service, open to all qualified persons, will be held in London in July and August of each year for such number of appointments to that Service as the Secretary of State may on each occasion determine. The date of the Examination will be announced beforehand by the Civil Service Commissioners.

2. A Candidate must be a male and either:—

(*a*) a British subject whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that service; or

(*b*) a ruler or a subject of a State in India in respect of whom the Governor-General in Council has made a declaration under Section 96A of the Government of India Act.

Provided that in the case of a male British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship and the Candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

3. A Candidate must have attained the age of twenty-one, and must not have attained the age of twenty-four on the first day of August of the year in which the Examination is held.

4. A Candidate who is a Native of India must obtain a certificate of age and nationality issued in accordance with such Instructions as the Governor-General in Council may, from time to time, prescribe*, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.

5. A Candidate must be free from disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Indian Civil Service.†

6. A Candidate shall satisfy the Civil Service Commissioners that his character is such as to qualify him for employment in the Indian Civil Service.

7. No person who, in a previous year, accepted the offer of a nomination as a Selected Candidate for the Indian Civil Service and subsequently resigned his position as a Selected Candidate, will be admitted to the Examination.

8. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the Examination. The Commissioners may, however, in their discretion, at any time prior to the grant of their Certificate of Qualification institute such further inquiries as they may deem necessary; and if the result of such inquiries in the case of any Candidate should be unsatisfactory to them in any of the above respects he will be ineligible for admission to the Indian Civil Service, and, if already selected, will be removed from the position of a Probationer.

*Candidates should be careful to see that the wording of this certificate is strictly in accordance with the appropriate form laid down in the instructions published in the Government of India Home Department Notification No. F. 266/30 Ests., dated the 21st February, 1931, but certificates issued under Government of India Home Department Notification No. 1114, dated the 12th September, 1918, will normally be accepted in the case of candidates who have attended the competition in London in a previous year.

Sub-section 2. A candidate who is not required by sub-section (1) to offer a vernacular named in column 2 will offer the vernacular named in column 3 against his province if any such vernacular is named unless he is already familiar with the vernacular there named or with a closely allied one.

Sub-section 3. A candidate who is not required under the preceding sub-sections to offer a vernacular will offer history instead. A one-year probationer will offer British history; a two-year probationer will offer British history for the Intermediate Examination and European history for the Final Examination.

Any question as to the interpretation and application of this regulation will be decided by the Civil Service Commissioners.

(8) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will when necessary be held at a later date for the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government.*

If a candidate is absent from or fails to show minimum proficiency at the ordinary session he will be given a further opportunity of examination at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(11) The selected candidates whose performance in the compulsory subjects† of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that Service.

(12) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

(13) A selected candidate who wishes to pursue, in addition to the course prescribed above, an extra course of study, such as reading for a degree or for the examination for admission to the Bar, must first obtain the permission of the High Commissioner for India. If permission is accorded, it will be subject to review at any time.

ANNOUNCEMENTS

made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council:—

(i) Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.

(ii) A selected candidate who wishes to pursue an extra course of study, in addition to the prescribed probationary course, must submit an application, stating precisely the extra course of study which it is desired to pursue, to the Secretary to the High Commissioner for India, Education Department, India House, Aldwych, London, W. C. 2, through the appropriate authority at the University or College at which he is pursuing his probationary course. The appropriate authorities are:—

Oxford—The Indian Civil Service Delegacy.

Cambridge—The Board of Indian Civil Service Studies.

London—The Director of the School of Oriental Studies.

Trinity College, Dublin—The Registrar of the Indian and Home Civil Service School.

(iii) An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.

* Such candidates will receive no increase to their initial pay until they have passed the further tests in question to the satisfaction of their Local Government.

†The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

In the case of Selected Candidates on probation for one year, the allowance will be payable in five instalments, the first (£100 in the case of Probationers of Indian domicile and £90 in the case of other Probationers) after the agreement prescribed in Announcement (iv) has been executed, and the remainder in four approximately equal instalments; the second, third and fourth on December 24th, March 25th and June 25th, respectively, and the fifth after signature of the Covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years the allowance will be payable in nine instalments, the first (£100) on September 29th, or as soon thereafter as the agreement has been executed, the remainder in eight equal instalments; the second on December 24th, the third to the eighth at quarterly intervals from that date (provided that the fifth instalment will not be payable until after the result of the Intermediate Examination has been published), and the ninth after signature of the Covenant on appointment to the Service.

Each selected candidate should intimate to the Secretary to the High Commissioner for India, Education Department, the address to which it is desired that the first instalment should be sent.

The payment of the various instalments of the allowance except the first instalment and the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the High Commissioner for India, through the authorities of the approved institution, of a certificate that the candidate had fulfilled up to date the requirements of the authorities and shown satisfactory progress.

If an Indian Government Scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N. B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1932, with a view to a possible reduction with effect from the first instalment payable to candidates selected in that year.

(iv) Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of: —

(1) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v) All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(vi) A First Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India after they have signed their covenants.

If a selected candidate elects to travel overland from London to Marseilles, he may apply to the High Commissioner for India for payment of the overland allowance as fixed from time to time. No baggage expenses or other allowance will be admissible.

Selected candidates who desire to make their own arrangements for proceeding to India must first satisfy the High Commissioner for India that they have good reasons for wishing to do so and that the arrangements which they propose to make are suitable. They will then, on production to the High Commissioner for India of evidence that they have engaged a passage, be granted an allowance not exceeding £65* or the actual cost of the passage by the route selected, whichever is less.

(vii) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause (10) of the regulations.

(viii) A candidate who fails to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected unless the Secretary of State in Council shall, after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. In general, a candidate who is allowed re-examination will be required to forfeit the whole or part of the final instalment of his allowance, but if it appears to the Secretary of State in Council, after reference to the Civil Service Commissioners, that his failure to pass the examination was due to circumstances wholly exceptional and beyond his control, such forfeit of his allowance will not be required.

(ix) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.

*This sum is liable to variation from time to time.

Procedure.—Immediately the results of the examination are known, all successful Candidates will be summoned to attend at the Civil Service Commission to be medically examined and to state their choice among the Services open to them and among the various Departments, Provinces or Colonies. That statement of choice is irrevocable.

Evidence of Age.—A Candidate born in the United Kingdom must not send in a birth certificate with this form but must be prepared to produce it when required.

A European or Anglo-Indian who was born in India must be prepared to produce when required a certificate of baptism from the district in which he was baptized. If this does not also mention the date of birth it must be accompanied by a statutory declaration by one of the Candidate's parents, stating the date and place of birth.

An Indian born in India must send in with this form a certificate as required by Clause 4 of the Regulations for the Indian Civil Service. If the Candidate's family is resident in British India the Certificate must be signed by the Secretary to the Government of their province or by the Commissioner of their Division. If they reside in an Indian State it must be signed by the highest political officer accredited to that State.

A Candidate for a Ceylon Cadetship who is not of pure European descent on both sides should send in with this form a written nomination as required by Clause 4 of the Regulations for Eastern Cadetships.

Candidates are warned, however, that if the necessary certificates is not likely to be available until after the 9th May they should not on that account delay sending in this form, as no application received after the 9th May could be accepted. An application received in due time without the necessary certificate would normally be accepted provisionally pending the receipt of the certificate.

Fee.—Fees are *not* to be forwarded by Candidates. Instructions respecting the manner of payment of the fee prescribed (£8), and respecting the time and place of the examination, will be sent to Candidates before the examination.

The Franchise Committee.

Questionnaire.

Preliminary heads of enquiry.

Having regard to the wide range of enquiries which it is necessary for the Franchise Committee to undertake before it can frame detailed plan for the constitution of several legislatures the Chairman is of opinion that it is very improbable, if not impossible, that the Committee will be able to cover the whole field during the first stage of their enquiry. In order to provide a practical programme it will therefore be necessary to concentrate attention in the first instance on fundamental question of the franchise to be adopted in constituencies which will elect the various legislatures.

It may therefore be necessary to postpone enquiries relating to the representation of special interests, the advisability of creating bicameral legislatures in Provinces, the qualification and disqualification of candidates and other subsidiary though important questions until a later stage of the Committee's investigations. A further questionnaire relating to these matters will be issued in due course. The following questionnaire deals with the franchise to be adopted for the Provincial and Central Legislatures. Questions relating to the representation of women, labour and depressed classes have been included because solution of these problems depends largely on the extent to which basis of suffrage can be widened in general constituencies.

I.—Provincial Legislatures.

1.—Extension of the Franchise.

Having regard to the fact that the principle of a responsible Federal Government, subject to certain reservations and safeguards, has been accepted by His Majesty's Government and that the Governors' provinces are to become responsibly governed units, enjoying the greatest possible measure of freedom from outside interference and dictation in carrying out their own policies in their own sphere, it is obviously necessary so to widen the electorates that the Legislatures to which responsibility is to be entrusted should be representative of the general mass of the population, and that no important section of the community may lack the means of expressing its needs and its opinion. The Franchise Sub-Committee of the Round Table Conference considered that adult suffrage was the goal which should ultimately be attained but the majority thought that it was not practicable to reach that goal immediately and recommended "the immediate increase of the electorate so as to enfranchise not less than 10 per cent. of the population, and

indeed a larger number—but not more than 25 per cent. of the total population—if that should, on full investigation, be found practicable and desirable."

(*a*) What means can you suggest by which the existing franchise for the provincial legislature could be extended so as to include 10 per cent. of the population in the electoral roll?

(*b*) Do you consider that such an electorate will be capable of casting an intelligent vote?

(*c*) Do you consider that such an electorate would be administratively manageable having regard to the arrangements likely to be feasible for the preparation, maintenance and revision of the electoral rolls, and for the recording and counting of votes?

(*d*) If answer to (*b*) and (*c*) is in the negative, what alternative qualifications for the electorate would you propose?

(*e*) If the answer to (*b*) and (*c*) is in the affirmative, do you consider that it would be practicable and desirable, having regard to the same considerations, to enlarge the electoral roll still further and, if so, what means would you suggest for the purpose?

(*f*) It has been suggested that, assuming adult suffrage to be impracticable at present, all adults not entitled to a direct vote should be grouped together in primary groups of about 20 or in some other suitable manner for the election of one or more representative members from each group, who would be entitled to vote in the provincial elections either in the same constituencies as the directly qualified voters or in separate constituencies to be framed for them. The suggestion has been discussed mainly with reference to rural villages, but might be made applicable to towns also.

Do you consider that any such system would be feasible and advantageous in the areas with which you are acquainted, and, if so, would you advise that the group electors should vote in the same constituencies as the directly qualified electors, or in separate constituencies composed of group electors only?

(*g*) It has been proposed that in the event of separate constituencies being framed for group electors, only group electors should be qualified to stand as candidates for such constituencies?

Are you in favour of this course?

2.—Franchise qualifications.

(*a*) Do you consider that in the areas with which you are acquainted, there is any marked disparity in the operation of the franchise qualifications in urban as compared with rural areas? If so, what measures would you sugest in order to rectify such disparities?

(*b*) Assuming that communal electorates of some sort are retained, it has been suggested that each community should be given a voting strength proportionate to its numbers, and that the franchise system should be so contrived as to secure this result, in so far as it may be practicable.

Are you in agreement with this suggestion, and, if so, what measures would you suggest for giving effect to it in your province?

(*c*) Is the possession of property of some kind in your opinion a suitable test of fitness for the franchise? If so, do you consider the existing property qualifications suitable in principle? If you do not, what modification do you suggest?

(*d*) Are you in favour of introducing a qualification based on education, independently of property, and, if so, what educational qualification would you suggest?

(*e*) Are you in favour of retaining the existing military service qualification and extending it so as to include service in the Auxiliary and Territorial Forces?

3.—Women's Suffrage.

(*a*) At present women are admitted to the suffrage on the same terms as men, but as the existing qualifications are mainly based on property and the payment of taxes, the number of women on the provincial electoral rolls is only a little over a quarter of a million as compared with 6½ million men. The Statutory Commission proposed that the wives and widows (if over 25 years of age) of men entitled to vote under the property qualification, should be enfranchised, and that in addition an educational qualification should apply to women over 21 as well as to

men. In the Franchise Sub-Committee of the Round Table Conference it was suggested that the age limit should be 21 for women as well as for men.

Are you in favour of increasing the women's electorate in the ways suggested or would you prefer any other method, if so, what method? To what extent would you favour increase in women's electorate?

(*b*) In the event of a system of group representation being established as proposed in paragraph 1 (*f*), do you consider that women should be formed into groups, and, if so, should separate groups be formed for women or should groups contain both men and women?

4.—Representation of the Depressed Classes.

It is evident from the discussions which have occurred in various connections in the Round Table Conference, that it is generally felt that provision should be made in the new Constitution for better representation of the Depressed Classes, and that the method of representation by nomination is no longer regarded as appropriate.

Do you consider that the Depressed Classes are likely, through such general extension of the franchise as you favour, to secure representatives of their own choice in the general electorates, and if so, to what extent? If your answer is in the negative, what specific proposals would you make to secure their representation in Legislatures? The possible application of the group system of representation to the Depressed Classes should be specially considered.

5.—Representation of Labour.

Assuming that such widening of the basis of suffrage in general constituencies as is found practicable does not provide adequate representation of labour what special measures would you recommend for representation of labour—(*a*) where it is or can be organised as in industrial areas, (*b*) where it is organised as in case of agricultural and plantation labour? On what basis would you allot representation to labour in each case?

II.—The Federal Legislature.

6.—Allocation of seats to British Indian Provinces.

In the third report of the Federal Structure Committee the following allocation of seats to provinces of British India in the two chambers of the Federal Legislature was tentatively suggested:—

Names of Provinces.	Upper Chamber.	Lower Chamber.
Madras	17	32
Bombay	17	26
Bengal	17	32
United Provinces	17	32
Punjab	17	26
Bihar and Orissa	17	26
Central Provinces (if Berar is included)	7	12
Assam	5	7
N.-W. F. P.	2	3
Delhi	1	1
Ajmer-Merwara	1	1
Coorg	1	1
British Baluchistan	1	1
	120	200

As a working hypothesis for the purpose of arithmetical calculation at the present stage it may be assumed that the Federal Legislature will be approximately of the size indicated in the report of the Federal Structure Committee.

(*a*) The Federal Structure Committee proposed that the representatives of British Indian Provinces in the Upper Chamber should be elected by the Provincial Legislatures by a single transferable vote. Do you agree with this proposal or have you any alternative to suggest?

(*b*) Do you consider that the franchise qualifications ought to be different for the Federal and Provincial Legislatures? If so, what do you consider it ought to be in the case of the Federal Legislature?

(c) The majority of members of the Federal Structure Committee considered that election to the Lower Chamber of the Federal Legislature should be by territorial constituencies consisting of qualified voters who would cast their vote directly for the candidates of their choice. Under a scheme of this nature there would be more than a million inhabitants on an average in each constituency. The constituency would in some cases be of enormous size especially if communal electorates were introduced. In view of obvious difficulties which must confront a candidate in canvassing and maintaining contact with such large constituency, the Committee recommended that alternatives of direct and indirect elections should be fully explored and suggested that while it might be possible without difficulty to adopt direct election in certain areas, some form of indirect election might prove desirable in rural areas.

The Franchise Committee would be glad to have your views on this difficult question. In the event of your favouring some system of direct election it would be very useful if you would indicate the nature of the constituency that you would form having regard to the number of seats which you consider ought to be allotted to your Province.

7.—Representation of women, labour and Depressed Classes.

Please add any further suggestions which you desire to make regarding the representation of women, labour and the Depressed Classes in the Federal Legislature.

8.—General.

It will be of great assistance to the Franchise Committee if you will favour them with any observations on the working of the existing franchise and electoral rules which will throw light on the problems now under consideration. The Committee will, of course, require information later on many other questions, but it is not necessary to deal at present with matters outside the scope of this questionnaire.

It is not the function of the Franchise Committee to consider the maintenance, modification or abolition of the existing system of separate communal electorates, though it is clear that this question must be decided before a final scheme can be drawn up for the composition of the various legislatures and the arrangement of the constituencies upon which they are to be based. His Majesty's Government have instructed the Franchise Committee to proceed in so far as they may find that absence of such an assumption may preclude them from arriving at conclusions on assumption that separate communal electorates will continue to form a feature of the new Constitution. It is hoped, however, that it will be possible to offer answers to the questions asked in this paper, without entering upon a discussion of the communal problem.

Points for Local Governments.

(1) The Franchise Committee are anxious to save local Governments unnecessary labour as far as possible. A great deal of information which will be of great value in connection with their enquiries must already be available in reports on the working of the present constitution prepared for the Statutory Commission or for other purposes. In dealing with the questions now raised it will suffice to refer to such reports or to send copies corrected up to date where such a course is found convenient.

(2) The Franchise Committee desire, if possible during their visit to each provincial headquarters, to spend a day or part of a day in a conveniently situated village, where they would meet typical bodies of villagers and discuss with them questions arising out of this enquiry. The Committee would like to have an opportunity of talking to a group of existing voters, a group of those who would become entitled to a vote if the franchise were extended in the manner considered possible by the local Government, and a group of those to whom the vote could not be granted within the limits of any practicable system of franchise. In the last case, the Committee would like to consider on the spot, the possibility of adopting some system of group representation. The Committee would be grateful if one or two officers could be deputed to accompany them as interpreters, who are well acquainted with the village selected for a visit or with village life in general.

310. (*1*) The **Commissioners** may acquire—

(*a*) any land required for the purpose of opening, widening, extending or otherwise improving any public street, square or garden, or of making any new public street, square or garden, and

(*b*) the buildings (if any) standing upon such land.

(*2*) The **Commissioners** with the sanction of the Local Government, and after giving due notice of their intention and an opportunity to any objector, who appears within such period as they may fix, to be heard in this connection, may acquire, in addition to any land and buildings acquired under sub-section (*1*), any land outside any proposed street alignment, with the buildings (if any) standing thereupon, which the **Commissioners** may, for any of the purposes mentioned in sub-section (*1*), including the recoupment of the cost or any portion of the cost incurred for any such purposes, consider it expedient to acquire.

Abandonment of acquisition.

ABANDONMENT OF ACQUISITION IN CONSIDERATION OF SPECIAL PAYMENT.

311. (*1*) In any case in which the Local Government have sanctioned the acquisition of land under section 310, sub-section (*2*), the owner of the land, or any person having an interest therein greater than a lease for years having seven years to run, may make an application to the **Commissioners**, requesting that the acquisition of the land be abandoned in consideration of the payment by such person of a fee to be fixed by the **Commissioners** in that behalf.

(*2*) The **Commissioners** shall admit every such application if it reaches them before the time fixed by the Collector under section 9 of the Land Acquisition Act, 1894 (I of 1894), for making claims in reference to the land :

Provided that unless the application is made by all the persons who have an interest in the land greater than a lease for years having seven years to run, the application shall not be deemed to be admitted unless the person applying undertakes to pay in one instalment the full fee payable under sub-section (*3*) and thereafter pays such fee.

Explanation.—A mortgagee shall not be deemed to be a person having an interest in the land greater than a lease for years having seven years to run.

(*3*) If the **Commissioners** decide to admit any such application, they shall forthwith inform the Collector, and the Collector shall thereupon stay proceedings for the acquisition of the land, for such period as the **Commissioners** may request, and the **Commissioners** shall proceed to fix a fee in consideration of which the acquisition of the land may be abandoned.

(*4*) In fixing the fee to be paid in consideration of the abandonment of the acquisition of the land the **Commissioners** shall, so far as to them may appear to be practicable, fix a sum which in their opinion represents two-thirds of the increment in the value of the land, which will in their opinion accrue to that land as a result of the improvements effected in the locality by the scheme for the purposes of which the acquisition has been sanctioned.

(*5*) Such fee shall be and remain a charge on the land, in respect of which it has been fixed, until the repayment thereof with interest in the manner hereinafter provided and shall be payable by the applicant on or before a date to be fixed by the **Commissioners** in this behalf ; and such date shall not be less than four years from the publication of the notification under section 6 of the Land Acquisition Act, 1894 (1 of 1894), nor shall such date be a date before that on which the scheme is declared by the **Commissioners** to be completed in so far as it affects such land.

(*6*) Before the date so fixed, the person from whom the **Commissioners** have arranged to accept the said fee, may, if the **Commissioners** are satisfied that the security offered by him is sufficient, execute an agreement with the **Commissioners** either—

(*i*) to leave the said fee outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest at a rate not exceeding seven *per cent. per annum*, the said interest to run from the date fixed under sub-section (*5*), or

(*ii*) to pay the said fee by such number of equal yearly or half-yearly instalments of principal or of principal and interest, as may be approved by the **Commissioners**, interest in both cases being calculated at a rate not exceeding seven *per cent. per annum* on the amount outstanding.

(*7*) When the said fee has been paid on or before the date fixed under sub-section (*5*), or when an agreement has been executed in pursuance of sub-section (*6*) in respect of any land, the proceedings for the acquisition of the land shall be deemed to be abandoned.

(*8*) If the said fee be not paid on or before the date fixed under sub-section (*5*), the Collector shall then proceed to acquire the land.

(*9*) If any sum payable under an agreement executed in pursuance of sub-section (*6*) be not paid on the date on which it is due, or on such later date as the **Commissioners** may in their discretion fix in this behalf, so much of the fee fixed by the **Commissioners** under sub-section (*3*) as is still unpaid, shall be payable on that date, in addition to the said sum.

(*10*) At any time after an agreement has been executed in pursuance of clause (*i*) of sub-section (*6*) any person may pay off the balance outstanding of the charge created thereby, with interest due, if any, at a rate not exceeding seven *per cent. per annum*, up to the date of such payment.

RECOVERY OF MONEY PAYABLE IN PURSUANCE OF SECTION 311.

312. When an agreement has been executed by any person in pursuance of section 311, sub-section (*6*), in respect of any land, and any money payable in pursuance of that section is not duly paid, the same shall be recoverable by the **Commissioners** (together with interest up to the date of realization, at a rate not exceeding seven *per cent. per annum*), under the **provisions of the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah ;**

and, if not so recovered, the **Commissioners** may, after giving public notice of their intention to do so, and not less than one month after the publication of such notice, sell the interest of the said person or successor in such land by public auction, and may deduct the said money and the expenses of the sale from the proceeds of the sale, and shall pay the balance (if any) to the defaulter.

AGREEMENT OR PAYMENT UNDER SECTION 311 NOT TO BAR ACQUISITION UNDER A FRESH DECLARATION.

313. If any land in respect of which an agreement has been executed, or a payment has been accepted, in pursuance of section 311, sub-section (*6*), be subsequently required for any of the purposes of **the Bengal Municipal Act, 1884, or the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah,** the agreement or payment shall not be deemed to prevent the acquisition of the land in pursuance of a fresh declaration published under section 6 of the Land Acquisition Act, 1894.

Special provisions as to private streets.

MAKING OF NEW PRIVATE STREETS.

314. (*1*) Any person intending to make or lay out a new private street shall send to the **Commissioners** a written notice, with plans and sections showing the following particulars of the proposed street, namely :—

(*a*) the level, width and alignment thereof, and

(*b*) the arrangements to be made for levelling, paving, metalling, flagging, channelling, draining and lighting the street.

(*2*) The provisions of **the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah** as to the width of public streets and the height of buildings abutting thereon, and as to projected public streets, shall respectively apply in the case of streets referred to in sub-section (*1*) ; and all the particulars referred to in that sub-section shall be subject to approval by the **Commissioners :**

Provided that the **Commissioners** may allow a private street to be made or laid out of a width less than **twenty** feet but not less than **twelve** feet, and, if the street is less than two hundred feet in length, the maximum width of such street may ordinarily be taken to be **sixteen** feet instead of **twenty** feet.

(*3*) Within ninety days after the receipt of any notice under sub-section (*1*), the **Commissioners** shall either sanction the making of the street, or disallow it, or ask for further information with respect to such street.

(*4*) Such sanction may be refused—

(*i*) if the proposed street would conflict with any arrangements which have been made or which are in the opinion of the **Commissioners** likely to be made within a reasonable period, for carrying out any general scheme of street improvement, or

(*ii*) if the proposed street does not conform to the provisions referred to in sub-section (*2*), or

(*iii*) if the proposed street is not designed so as to connect at one end with a street which is already open.

(*5*) If further information is asked for under sub-section (*3*), no steps shall be taken to make or lay out the street until orders have been passed upon receipt of such information, and such orders shall be passed within ninety days of the receipt of such further information.

(*6*) If within ninety days after the receipt of any notice under sub-section (*1*), or within ninety days after the receipt of any further information asked for under sub-section (*3*), the **Commissioners** have not refused sanction to the making of the private street, it shall be deemed that sanction to the same has been granted.

PROHIBITION OF BREACH OF SECTION 314.

315. Except as provided in sub-section (*6*) of section 314, no person shall make or lay out any street referred to in sub-section (*1*) of that section—

(*a*) until he has obtained the sanction of the **Commissioners** under that section, or

(*b*) in contravention of any orders made thereunder.

ALTERATION OR DEMOLITION OF STREET MADE IN BREACH OF SECTION 314.

316. (*1*) If any person makes or lays out any street referred to in section 314, sub-section (*1*), without having obtained the sanction of the **Commissioners** under that section, or in contravention of any orders made thereunder, they may, whether or not the offender be prosecuted under **the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah,** by written notice—

(*a*) require the offender to show sufficient cause, by a written statement signed by him and sent to the **Commissioners** on or before such day as may be specified in the notice, why such street should not be altered to their satisfaction or, if such alteration be impracticable, why such street should not be demolished, or

(*b*) require the offender to appear before them, either personally or by a duly authorised agent, on such day and at such time and place as may be specified in the notice, and show cause as aforesaid.

(*2*) If any person on whom such notice is served fails to show sufficient cause, to the satisfaction of the **Commissioners,** why such street should not be so altered or demolished, they may cause the street to be so altered or demolished, and the expenses thereof shall be paid by such person.

LEVELLING, ETC., OF PRIVATE STREETS.

317. (*1*) If any private street or any part thereof be not levelled, paved, metalled, flagged, channelled, drained and lighted to the satisfaction of the **Commissioners,** they may, by written notice to the owner of such private street or the respective owners of the land fronting, adjoining or abutting upon such street or part, as the case may be, from time to time require them to level, pave, metal, flag, channel, drain and light such street or part.

(*2*) If such notice be not complied with and the **Commissioners** under section 510, sub-section (*2*), execute the works mentioned or referred to therein, the expenses thereby incurred shall be paid by the owner of such private street or the owners in default, in such proportion as may be settled—

(*a*) by the **Commissioners,** or,

(*b*) in case of dispute, by the Court under section 523.

POWER TO **Commissioners** TO TAKE OVER PRIVATE STREETS.

318. If any private street which conforms to the provisions referred to in section 314, sub-section (*2*), be levelled, paved, metalled, flagged, channelled, sewered, drained and lighted to the satisfaction of the **Commissioners** and if a majority of—

(*a*) the owners of land or buildings in such street, or

(*b*) the owners of the street, or

(*c*) the owners who have paid the expenses referred to in section 317, sub-section (*2*),

signify in writing their consent thereto, the **Commissioners** shall declare the same, by written notice put up in any part of such street, to be a public street, and thereupon the same shall become a public street and shall vest in the **Commissioners :**

Provided that, where a private street has been in existence for not less than thirty years and is used by the people of the locality as a thoroughfare, the **Commissioners** may declare such street to be a public street even though it does not strictly comply with the provisions of this chapter, if—

(*a*) the owners of lands and buildings in such street, or

(*b*) the owners of the street,

signify in writing their consent thereto.

Provided that no failure to serve such notice shall invalidate or affect any declaration published under sub-section (*5*).

(*3*) No objections to any such declaration shall be received after a period of three months from the publication or the service of such notice.

(*4*) The **Commissioners** shall consider all objections received within the said period, and shall hear any objectors who may appear before them within such period as they may fix in this behalf, and may prepare a declaration relating to the streets or localities referred to in the notice.

(*5*) When any such declaration has been so prepared, it shall be published in the *Calcutta Gazette*, and shall take effect from the date of such publication.

328. (*1*) Save with the special permission of the **Commissioners** no person shall use a building or a substantial part of a building erected for use as, and belonging to, any one class of buildings, as a building of any other class in such a manner that the building or part thereof so used will not be in conformity with the provisions **of the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah**, or of any rules or by-laws made thereunder, relating to buildings of that other class :

Provided that no change made by **these provisions** in the classification of buildings as in force under the Calcutta Municipal Act, 1899 (Ben. (*a*) this chapter,

(*b*) Schedule XVII, and

(*c*) any order, rules and by-laws made under **the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah,**

relating to the erection of new buildings, shall, subject to the rules in Part X of the said Schedule XVII, apply to every alteration of, or addition to, any building, and to any other work (except that of necessary repairs not involving any of the works specified in rule 92 of the said schedule) made or done for any purpose in, to, or upon any building.

Explanation.—No work of re-erection or reconstruction which would constitute any building a new building under sub-clause (*b*), (*c*) or (*d*) of clause (*46*) of section 3 shall, for the purposes of this section, be deemed to be an alteration of, or addition to, or any other work made or done to or upon, such building, but in the case of such re-erection or reconstruction the provisions relating to the erection of new buildings as referred to in this section shall apply to the whole of the said new building.

POWER TO RELAX PROVISIONS OF CHAPTER AND SCHEDULE XVII.

332. The **Commissioners** shall not refuse sanction to the erection of a boundary wall exceeding ten feet in height or to any addition to any boundary wall so as to make it exceed ten feet in height on the ground that such boundary wall or such addition would cause interference with an existing easement in favour of, or prevent the acquisition of an easement by, the owner of adjacent premises.

Exemptions.

EXEMPTIONS.

333. The following buildings shall be exempted from the operation of this chapter, namely,—

(*a*) any building erected and used, or intended to be erected and used, exclusively for the purpose of accommodating a pump for pumping water to the higher storeys of a building, or exclusively for the purpose of a plant-house, summer-house (not being a dwelling-house), poultry-house or aviary if the building be wholly detached from, and situated at a distance of at least ten feet from, the nearest adjacent building ;

Chapter XXII—Bustees.

Preliminary.

POWER TO **Commissioners** TO DEFINE AND ALTER LIMITS OF *bustees.*

335. The **Commissioners** may define the external limits of any *bustee,* and may from time to time alter such limits.

RESTRICTION ON APPLICATION OF THIS CHAPTER TO CERTAIN *bustees* OR TO MASONRY BUILDINGS IN *bustees.*

336. None of the powers conferred by any of the following sections of this chapter shall be exerciseable in respect of—

(*a*) any *bustee* the total area of which, as comprised within the limits defined under section 335, is less than two *bighas,* or

(*b*) any masonry building existing in a *bustee* at the time when a standard plan is approved or alignments are prescribed under section 360 for such *bustee,* as the case may be.

Improvement of bustee.

POWER TO **Commissioners** TO REQUIRE OWNER OF *bustee* OF AREA BETWEEN TEN *cottahs* AND TWO *bighas* TO CARRY OUT CERTAIN IMPROVEMENTS.

337. (*1*) Nowithstanding anything contained in section 336, the **Commissioners** may, for sanitary reasons, require the owner of any *bustee* of which the total area as comprised within the limits defined under section 335 is more than ten *cottahs* but less than two *bighas*—

(*a*) to open up and construct such passages, not exceeding twelve feet in width, between the huts, and to provide such surface drains and latrines for the use of the tenants of the *bustee,* as the **Commissioners** may think necessary, and

(*b*) to remove the whole or any portion of a hut, provided that the owner of the hut shall be entitled to receive from the Municipal Fund such compensation calculated according to the estimated value of the structure removed, as the **Commissioners** may determine.

(*2*) When the **Commissioners** propose to issue a requisition in respect of any *bustee* under sub-section (*1*), they shall prepare a standard plan showing the proposed improvements, and may then, by written notice, call on the owner of the *bustee* to show cause why the *bustee* should not be improved within a date to be fixed in conformity with the said plan.

(*3*) The provisions of sections 345, 346, 357, 352, 355, 356 and 359 shall, with all necessary modifications, be deemed to apply in the case of every requisition issued under sub-section (*1*).

POWER TO **Commissioners** TO REQUIRE PREPARATION OF STANDARD PLAN BY OWNER OF *bustees*.

338. (*1*) The **Commissioners** may at any time, if it appears to them that any *bustee*, for sanitary reasons, requires improvement, serve a written notice upon the owner of such *bustee* requiring him to prepare and submit a plan of the *bustee*, to the scale of twenty-five feet to the inch, showing—

(*a*) the manner in which the *bustee* should be laid out, with huts standing in regular lines and with a free passage, in front of and behind each line, of such width as may be necessary for proper ventilation and for scavenging,

(*b*) the drains for the general use of the tenants of the *bustee*,

(*c*) the means of lighting, common water-supply, bathing arrangements (if any) and common privy accommodation to be provided for the use of the tenants,

(*d*) the streets and passages which are to be maintained for the benefit of the tenants,

(*e*) the tanks, wells and low lands which are to be filled up and the tanks which are to be conserved, and

(*f*) any other proposed improvements :

Provided that when there are two or more owners of a *bustee*, the **Commissioners** may require them to prepare and submit a joint plan of the *bustee*.

(*2*) The streets referred to in clause (*d*) of sub-section (*1*) shall be not less than sixteen feet wide and ordinarily not more than two hundred feet apart, and the passages referred to in that clause shall be not less than twelve feet wide.

(*3*) If there is any masonry buildings within the limits of the *bustee*, the said plan shall be so prepared as clearly distinguish such building and the land pertaining to it.

(*4*) The said plan—

(*i*) shall be considered by the **Commissioners** and modified in such manner as may be required, and

(*ii*) shall, when approved by them, be deemed to be the standard plan of the *bustee*.

PREPARATION OF STANDARD PLAN BY **Commissioners** WHERE OWNERS DISAGREE, ETC.

339. (*1*) If, after the service of a notice under section 338 on the owners of any *bustee*, such owners—

(*a*) do not agree among themselves in the preparation of a plan as required by such notice, or

(*b*) for any reason prefer to have a plan prepared for them by the **Commissioners**, or

(*c*) fail to comply within sixty days with such notice,

the **Commissioners** shall cause the *bustee* to be inspected by two persons appointed in that behalf, one of whom shall be a medical officer of the **Commissioners** or a person holding the diploma of Public Health or such other qualification as may be prescribed by the **Commissioners** in this behalf, and the other an engineer, and the **Commissioners** on receipt of their report shall cause a plan to be prepared to the scale and showing the particulars prescribed in the said section.

(*2*) When a plan has been prepared under sub-section (*1*), the **Commissioners** shall fix a day for the hearing of objections (if any) made by or on behalf of the owners of the *bustee* and the owners of huts or masonry buildings therein,

and, after hearing such objections, may, in their discretion, approve such plan either with or without modifications.

(*3*) Every plan of a *bustee* approved under sub-section (*2*) shall be deemed to be the standard plan of the *bustee*.

(*4*) When the **Commissioners** cause a plan to be prepared under sub-section (*1*), they may charge the said owners therefor at a rate not exceeding five rupees *per bigha*.

SUSPENSION OF BUILDING PENDING PREPARATION OF STANDARD PLAN.

340. When the owner of a *bustee* has been required under section 338 to prepare a plan, no new building which is a hut shall be erected and no hut shall be added to within the *bustee* until a plan has been prepared and approved under that section or under section 339.

PROHIBITION OF BUILDING CONTRARY TO STANDARD PLAN.

341. When a standard plan has been approved for any *bustee* under section 338 or section 339, no new building which is a hut shall be erected and no hut shall be added to in such *bustee* unless the hut, or the portion to be added, as the case may be, occupies a site, or portion of a site, marked in the standard plan as the site for a hut.

POWER TO **Commissioners** TO REQUIRE REMOVAL OF HUT NOT IN CONFORMITY WITH STANDARD PLAN.

342. (*1*) When a standard plan has been approved for any *bustee* under section 338 or section 339, the **Commissioners** may at any time, by written notice, require the owner of any hut in such *bustee*, which is not in conformity with the standard plan, to remove the whole or any portion of such hut.

(*2*) When a hut or portion of a hut has been removed in compliance with a requisition made under sub-section (*1*), the owner thereof shall be entitled to receive from the Municipal Fund such compensation calculated according to the estimated value of the structure removed, less the value of the materials, if the owner elects to take these, as the **Commissioners** may determine.

POWER TO **Commissioners** TO REQUIRE CARRYING OUT OF OTHER IMPROVEMENTS IN CONFORMITY WITH STANDARD PLAN.

343. (*1*) The **Commissioners** may at any time, by written notice, require the owner of any *bustee* for which a standard plan has been prepared under section 338 or section 339—

(*a*) to construct the drains, privies, streets and passages, provided the means of lighting, water-supply and common bathing arrangements, and carry out the other improvements shown in such plan, so far as may be practicable having regard to the existing arrangement of the huts, and

(*b*) if any tank, well or low land is shown in such plan as to be conserved or filled up, to conserve or fill up such tank, well or low land.

(*2*) Until such notice is complied with, the **Commissioners** may refuse to sanction the erection of a new building which is a hut or the making of any addition to any hut in the *bustee*.

INSPECTION, REPORT AND PREPARATION OF STANDARD PLAN BY REGISTERED MEDICAL PRACTITIONER AND ENGINEER, IN CASES REQUIRING EXPEDITION.

344. (*1*) If it appears to the **Commissioners** that any *bustee*—

(*a*) by reason of the manner in which the huts are crowded together, or

(*b*) for any other reason,

is in such an unhealthy condition that the procedure provided by the foregoing sections of this chapter would be too dilatory to meet the emergency,

they may, after giving notice to the owners of the *bustee*, cause the *bustee* to be inspected by two persons appointed in that behalf, one of whom shall be a medical officer of the **Municipality of Howrah** or a person holding the diploma of Public Health or having such other qualifications as may be prescribed by the **Commissioners** in this behalf, and the other an engineer. In appointing such persons the **Commissioners** shall consider any proposals made by the owner of the *bustee* in this connection.

(*2*) The said persons shall forthwith—

(*a*) make, sign and submit a written report on the sanitary condition of the *bustee*, and

(*b*) annex to the report a plan approved by them as a proper standard plan of such *bustee*, and

(*c*) certify—

(*i*) which of the improvements required to bring the *bustee* into conformity with such plan should be taken in hand forthwith in consequence of the unhealthy condition of the *bustee*, and

(*ii*) which (if any) of such improvements should be deferred for action under the foregoing sections of this chapter.

(*3*) The improvements referred to in sub-clauses (*i*) and (*ii*) of sub-section (*2*) shall be specified in two separate schedules, which shall be annexed to the report and called Schedule A and Schedule B, respectively.

(*4*) The said schedules shall clearly indicate—

(*a*) the huts which should wholly or in part be removed,

(*b*) the streets, passages and drains which should be constructed,

(*c*) the means of lighting, water-supply, common bathing arrangements and common privy accommodation to be provided for the use of the tenants,

(*d*) the tanks, wells and low lands which should be filled up,

(*e*) any other improvements which the two persons appointed under sub-section (*1*) may consider necessary in order to remove or abate the unhealthy condition of the *bustee*, and

(*f*) any masonry building within the *bustee*, and any land pertaining to such building which it may be necessary to purchase or acquire for the purpose of making such streets or passages, or effecting any such improvements.

(*5*) A report (together with the schedules annexed thereto) made and signed under this section by any two persons appointed under sub-section (*1*) shall be sufficient evidence of the result of such inspection.

APPROVAL BY **Commissioners** OF STANDARD PLAN AND SCHEDULES ANNEXED TO SUCH REPORT.

345. (*1*) The **Commissioners** shall consider every report (together with the plan and Schedules A and B annexed thereto) made under section 344, and, after hearing the objections (if any) of the owner of the *bustee* in respect of which the report has been made, and of any owner of any hut which is required to be demolished or altered and of the owner of any masonry building which is to be dealt with under sub-section (*4*) of section 344, may approve such plan and schedules after making such modifications (if any) therein as they may think fit.

(*2*) The plan so approved shall be deemed to be the standard plan of such *bustee*.

POWER TO **Commissioners** TO REQUIRE OWNERS OR OCCUPIERS TO CARRY OUT IMPROVEMENTS SPECIFIED IN SCHEDULE A.

346. When Schedule A, annexed to a report made under section 344, has been approved under section 345, the **Commissioners** may cause a written notice to be served upon—

(*a*) the owners of the huts referred to in such Schedule A, or

(*b*) the owners of the *bustee* in which such huts are situated,

requiring them to carry out all or any of the improvements specified in that schedule or any portion of such improvements.

PAYMENT OF EXPENSES INCURRED IN CARRYING OUT IMPROVEMENTS.

347. When any improvements required by a notice under section 346 are carried out by the **Commissioners** under section 510, all expenses incurred thereby including such reasonable compensation as the **Commissioners** may think fit to pay to the owners or occupiers of huts removed,

shall be paid by the owner of the *bustee* to the **Commissioners** and shall constitute a charge upon such *bustee* :

Provided that, notwithstanding anything contained in section 516, if it appears to the **Commissioners** that any such owner is unable, by reason of poverty, to pay such expenses or any portion thereof, in the case of expenses relating to work which should in the opinion of the **Commissioners** have been done by the owners or occupiers of huts within the *bustee*, they may order the same or any portion thereof to be paid out of the Municipal Fund, and in the case of expenses which should be paid by the owner of the *bustee*, they may order the same or any portion thereof to be advanced out of the Municipal Fund, but thereafter to constitute a charge upon such *bustee*.

DISPOSAL BY THE **Commissioners** OF MATERIALS OF HUTS PULLED DOWN.

348. (*1*) If, in carrying out any improvement as provided in section 346, the **Commissioners** cause any hut or portion of a hut to be pulled down, they shall—

(*a*) cause the materials of such hut or portion of a hut to be given to the owner of the hut if such owner elects to take them ; or

(*b*) if the owner does not elect to take the materials, or if the owner be unknown or the title to the hut be disputed, cause such materials to be sold, and hold in deposit the proceeds of the sale, together with any sum awarded as compensation under section 347.

(*2*) Any amount held in deposit under clause (*b*) of sub-section (*1*) shall be so held by the **Commissioners** until any person obtains an order from a competent Court for the payment to him of such amount.

(*3*) A Court of Small Causes shall be deemed to be a competent Court for the purpose of this section.

POWER TO **Commissioners** TO PURCHASE OR ACQUIRE MASONRY BUILDINGS OR LAND IN *bustee*.

349. The **Commissioners** may, at any time after the receipt of a report made under section 344, purchase or acquire—

(*a*) any masonry building within such *bustee*, or

(*b*) any land appertaining to such building, or

(*c*) any such building, together with the land appertaining thereto or any portion thereof, which is mentioned in that behalf in Schedule A or Schedule B annexed to such report.

APPLICATION OF SECTIONS 341 TO 343 TO *bustee* FOR WHICH STANDARD PLAN HAS BEEN APPROVED UNDER SECTION 345.

350. When a standard plan of a *bustee*, and any Schedule B, annexed to the report made under section 344 with respect to that *bustee* have been approved under section 345,—

(*a*) the provisions of section 341 shall apply to such *bustee*, and

(*b*) the provisions of sections 342 and 343 shall apply to such *bustee* in respect of the improvements indicated in that schedule as provided in section 344, sub-section (*4*).

ALTERNATIVE POWER TO **Commissioners** TO MAKE STANDARD PLAN, TO PURCHASE OR ACQUIRE *bustee*, AND TO CARRY OUT IMPROVEMENTS THEMSELVES OR THROUGH PURCHASER OR LESSEE.

351. (*1*) Notwithstanding anything contained in sections 345 to 350, the **Commissioners** may, after receipt of a report made under section 344 with respect to any *bustee*, and after giving an opportunity of being heard to the owner thereof, pass a resolution to the effect that the *bustee* is an unhealthy area and that, in their opinion, the purchase or acquisition of the *bustee*, or of any portion thereof, is necessary for the purpose of making the improvements referred to in the said report.

(*2*) When any such resolution has been passed, the **Commissioners** shall make a plan for the improvement of the said *bustee* or portion thereof, together with such estimates as may be necessary for a due understanding of the same, and may then purchase or acquire the said *bustee* or portion thereof, and such plan shall be deemed to be the standard plan of the *bustee*.

(*3*) When any *bustee* or portion of a *bustee* has been so purchased or acquired, the **Commissioners** shall, as soon as is reasonably practicable, either—

(*a*) sell or let the same or part thereof to any person for the purpose and under the condition that he will, as respects the land so sold or leased to him, carry out the improvements shown in such standard plan, or

(*b*) themselves bring the said *bustee* or portion thereof or any part of the same which has not been sold or leased under clause (*a*) into conformity with such standard plan, or

(*c*) proceed under the provisions of section 468 to take measures for the erection of sanitary dwellings for the working classes, or for the poorer classes, or for both, on such land.

(*4*) Whenever the **Commissioners** decide to sell or let under sub-section (*3*) any *bustee* or portion thereof so purchased or acquired from any person, they shall offer to the said person or his heirs, executors or administrators a prior right to purchase or take on lease such *bustee* when disposing of the same under sub-section (*3*), if such person applies in this behalf, at such rate and on such terms and conditions as may be fixed by the **Commissioners**, if the **Commissioners** consider that such a right can be given without detriment to the carrying out of the purposes of **the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah or the Bengal Municipal Act, 1884.** If more than one person applies to the **Commissioners** that a *bustee* or portion thereof be sold or let to him, the **Commissioners** shall determine which of such persons has the prior right to take such *bustee* under this section.

(*5*) Whenever action is taken under clause (*a*) of sub-section (*3*), the provisions of sub-section (*2*) or sub-section (*3*) of section 471 as the case may be, shall be applicable.

352. (*1*) No standard plan approved for a *bustee* under this chapter, shall, without the consent of the owner thereof, show more than—

(*a*) one-fourth of the whole area of such *bustee* as streets or passages, or

(*b*) one-third of such area as open lands not to be built upon, whether such open lands be common ground, streets, passages or spaces behind a line of huts.

(*2*) In calculating the said proportions of one-fourth and one-third of any such area, no tank situated therein that has not been filled up shall be taken into account.

REGULATION OF PLOTS BY STANDARD PLAN, AND COMPENSATION FOR ADJUSTMENT OF PLOTS.

353. (*1*) When the land included in a *bustee* is owned by more owners than one, each owning one or more separate plots of such land, the standard plan approved under this chapter for such *bustee* shall, as far as practicable, provide—

(*a*) for one or more huts being completely contained in each such plot, and

(*b*) for such proportion of each such plot being taken for streets, passages and open land as is specified in section 352.

(*2*) If a greater proportion of any one such plot than the proportion specified in section 352 is so taken such standard plan shall indicate—

(*i*) the compensation which shall be payable to the owner of such plot, and

(*ii*) the persons who are liable to pay such compensation by reason of their benefiting by such greater proportion having been taken.

(*3*) If no person can equitably be called upon to pay such compensation, the same shall be paid by the **Commissioners.**

(*4*) Any compensation payable under this section to the owner of any land in a *bustee* shall not be paid until such land has been brought into complete conformity with the standard plan.

STREETS AND PASSAGES SHOWN IN STANDARD PLAN, IF NOT PUBLIC STREETS TO REMAIN PRIVATE.

354. (*1*) Every street or passage in a *bustee* which is shown in the standard plan approved under this chapter for that *bustee*, and which is not already a public street, shall, unless the **Commissioners** and the owners of the land on which such street or passage is situated otherwise consent as provided in section 318, be deemed to be a private street ; and the portion thereof which falls on the land of each owner shall belong to such owner :

Provided that any portion of any such street or passage which is situated on land purchased or acquired by the **Commissioners** under section 349 shall remain the property of the **Commissioners.**

(2) Every such private street shall, at all times, be kept open for scavenging purposes and for all other purposes of **the Calcutta Municipal Act, 1923, as in force in the Municipality of Howrah or the Bengal Municipal Act, 1884,** in such manner as the **Commissioners** may require, and shall also be kept open for the use of all the tenants of the *bustee* :

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908 (IX of 1908), no use of any such street shall, by reason of any lapse of time, be held to confer a right of way on the public so as to bring the street within the definition of a " public street " in clause (57) of section 3.

BATHING ARRANGEMENTS AND PRIVY ACCOMMODATION IN *bustee*, AS SHOWN IN STANDARD PLAN, TO BE KEPT OPEN FOR USE OF TENANTS.

355. The bathing arrangements and privy accommodation in a *bustee*, which are shown in the standard plan approved under this chapter for such *bustee* as being common to the use of all or some of the tenants of the *bustee*, shall at all times be kept available for the use of such tenants :

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908, if at any time the land on which any such bathing arrangements or privy accommodation are provided ceases to form part of such *bustee*, no such use shall, by reason of any lapse of time, be held to confer any right on any person so as prejudicially to affect the rights of the owner of such land.

356. (1) The owner of any land in a *bustee*, for which a standard plan has been approved under this chapter, shall maintain in proper order and repair, to the satisfaction of the **Commissioners**, such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water-supply and other works on such land as may be shown in the plan.

(2) The **Commissioners** may, at any time, cause a written notice to be served upon such owner requiring him so to maintain such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water-supply and other works :

Provided that any convenience made by the owner of a hut for his own use shall, subject to such notice as aforesaid, be maintained by him and not by the owner of the *bustee*.

(3) If the **Commissioners** are satisfied that any street, passage, drain, bathing arrangements, privy accommodation, means of water-supply or other work, or any portion thereof, has been damaged by any tenant or tenants of the *bustee*, the **Commissioners** may, if they think it desirable to do so, call upon such tenant or any one or more of such tenants by a written notice to repair such street, passage, drain, bathing arrangements, privy accommodation, means of water-supply or other work or portion thereof.

359. (*1*) The owner of any land included in a *bustee* and bearing a separate number in the assessment-book may, at any time, whether a standard plan for the *bustee* has been prepared under this chapter or not, send a written notice to the **Commissioners** that he intends to remove all the huts standing on such land :

Provided that the receipt of any such notice by the **Commissioners** shall not be a bar to the approval by the **Commissioners**, under this chapter, of a standard plan of such *bustee*.

(*2*) From the date of such notice no application shall be entertained for erecting on such land any new building which is a hut or adding to any hut standing thereon.

(*3*) Such owner shall, within six months after the date of such notice, or within such further time as the **Commissioners** may from time to time allow, remove all huts standing on such land ; and if he does not do so, the notice shall be deemed to be cancelled.

(*4*) When all such huts have been so removed, such land shall, according to its situation, either—

(*i*) be altogether excluded from the limits of the *bustee*, or

(*ii*) be shown in a standard plan approved for the *bustee* under this chapter, as not being a part of such *bustee* :

Provided that, if in the standard plan any street or passage is shown on such land, the provisions of sections 343, 346, 350, 354, 356 and 357 shall, with all necessary modifications, be deemed to apply to such street or passage unless the **Commissioners** otherwise direct.

(*6*) When all the huts standing on any land within a *bustee* have been removed under sub-section (*3*), the **Commissioners** may either—

(*a*) cancel the standard plan (if any) already approved, under this chapter, for such *bustee*, or

(*b*) modify such plan, after hearing the objections (if any) of any owner of land included in such *bustee*.

(*7*) Where any land, formerly included in a *bustee*, ceases to be so included, and where any street or passage was shown on such land in the standard plan and where on such land ceasing to be so included the **Commissioners** do not consider it to be practicable or do not consider it to be expedient to change the alignment of such street, they shall, in applying the proviso to sub-section (*4*) to such street, compensate the owner of such land for any area that is included in such street which is in excess of one-seventh of the entire area of the land which ceases to be included in the *bustee*.

(*2*) When the land within such *bustee* or area is owned by more owners than one, each owning one or more separate plots of such land, such alignments shall, as far as practicable, be so prescribed as not to occupy, within any such plot, more than one-fifth of the area thereof and shall not ordinarily be less than two hundred and fifty feet apart.

361. (1) In any *bustee*, at any time after the expiration of seven years from the time when any alignment has been prescribed—

(*2*) The **Commissioners** when granting a certificate under this rule, may charge such fees, not exceeding ten rupees for any one building, as they may think fit.

Part II.—Buildings generally.

HEIGHT.

3. (*1*) If a building is situated at the side of a street, no portion of the building, except open or balustraded parapets not more than four feet high, shall intersect any of a series of imaginary line drawn across the street at an angle of forty-five degrees with the horizontal, such lines being drawn from the side of the street which is the more remote from the building in question, from a height of two feet above the centre of the street :

Provided as follows—

(*i*) where the said street is joined at an angle by another street facing the building, or where the street in which the building is situated terminates in front of the building, the height of that portion of the building which is opposite the street facing it measured from two feet above the centre of the street, shall in the former case, not exceed the height which would be permissible if the building abutted on or were situated on the side of a street equal in width to the width of the street on which it abuts or on the side of which it is situated *plus* half the width of the street facing it, and in the latter case, the height of the building shall not exceed the height which would be permissible if the building abutted on or were situated on the side of a street one-and-a-half times the width of the street terminating in front of it ;

(*ii*) nothing herein contained shall affect the erection of a four-storeyed building abutting upon, or situated at the side of a street of not less than forty-five feet in width, if such building, including the parapet wall and the plinth, does not exceed fifty-six feet in height ;

(*iii*) nothing herein contained shall affect the erection of a building abutting upon, or situated at the side of, a street of not less than sixty-feet in width, if such building does not exceed eighty feet in height ; and

(*a*) a building of not more than one storey and not exceeding twelve feet in height (excluding two feet for the plinth) above the centre of the street, and

(*b*) if, in any street which is less than twelve feet in width, the owner of any building-site abutting on the street makes a free gift to the **Commissioners** of all land comprised within such site, which falls within six feet of the centre line of such street, then a two-storeyed building not more than twenty-eight feet high,

may be erected without complying with the requirements of the said sub-rules.

Six hundred lamps will be installed as shown in the above statement of which 120 are to be of 60 watts and 480 of 30 watts. The Commissioners have decided to enter into an agreement with the Riverside (Bhatpara) Electric Supply Company, for the installation of these 600 lamps and for their maintenance at the annual rate of Rs. 21,600, and this annual cost may proportionately grow with the addition of any extra number of lamps that the Municipal Commissioners may hereafter require. The Commissioners at a meeting propose to meet the charge to be incurred on account of lighting by levying a lighting rate of 2 per cent. on the annual value of holdings situated within a zone of 500 feet from the nearest electric light post on the roads defined above. The income to be derived from the lighting tax from the aforesaid area is estimated to be Rs. 25,000 per year and the total expenditure including charges for collection, etc., will be Rs. 23,600.

Miscellaneous.

CALCUTTA, THE 2ND JANUARY 1932.

RESOLUTION—No. 7MIS.

Read—

(*i*) Paragraph 9 of the letter of the Government of India in the Home Department No. 5234, dated the 16th September 1901, prescribing the limit of local holidays.

(*ii*) The circular order by the Local Government in this department No. 45Mis., dated the 23rd August 1913, announcing the local holidays for the several districts of this presidency;

Read also—

The debate in the Legislative Council on the Resolution moved for a holiday on the 1st of *Baishakh* in Government offices and Courts in this province.

When the Resolution for the holiday was moved in the Legislative Council on the 7th February 1930 it was intimated that Government was agreeable to give effect to the Resolution if, after consulting the local officers and the High Court, it should appear that there was a general desire to have the holiday in question. The Resolution was thereupon not pressed in the Council but withdrawn. As explained in the Council, the Bengali New Year's Day is already observed as a local holiday in certain districts, and it has now been ascertained that the remaining districts of the province, except the district of Darjeeling, are also anxious to have the day included in the list of local holidays. The Governor in Council is accordingly pleased to direct that the Bengali New Year's Day shall henceforth be observed as an additional local holiday in those districts in which it is not at present enjoyed, except in the district of Darjeeling, subject to the condition that the total number of such holidays does not exceed seven in number in any of those districts. In the five districts noted below, however, where the maximum number of local holidays has already been reached, Government have now decided that the new local holiday should be allowed in future in lieu of the local holiday specified against each, which has hitherto been enjoyed therein:—

Districts.		Local holidays.
Hooghly	..	Kartik Puja.
Howrah	..	Sriram Navami.
Burdwan	..	Uttarayan.
Birbhum	..	Goshta Ashtami.
Murshidabad	..	Banjetia fair.

ORDER—Ordered that this Resolution be published in the Gazette and that copies be forwarded to all departments of Government and subordinate offices for general information.
